March 9, 2020

Subject : **40th SFH annual meeting and Covid-19 outbreak**

Dear members, attendees, partners and colleagues,

The progression of the Covid-19 outbreak in France and the decision of the French health authorities released on March 8, 2020 to suspend any meeting with more than one thousand attendees, lead us to :

(1) cancel the dates from April 1 to 3, 2020 originally scheduled for the annual SFH meeting at the Palais des Congrès in Paris, and

(2) consider the possibility of postponing the congress to other dates later in 2020, which we will keep you informed as soon as possible.

We will make any news known to all members, attendees and partners.

Thank you for your cooperation and understanding.

Alain DELMER
President

Olivier BERNARD
President of the scientific board
